1647 Macomb's Road
Bronx, New York, N.Y.
April 9, 1938

Captain J.M. Irish
Assistant to Bureau
Bureau of Engineering
Navy Department
Washington, D.C.

Sir:

If it suits the convenience of the Navy Department, I propose coming to give the demonstration of my cipher system and devices on Tuesday, May 3rd next, at 2 P.M. If this date is acceptable to you, may I ask you kindly to confirm?

Permit me to say that I appreciated very highly the pleasure of meeting Commander Ruble in the Navy Department; and I am very glad we had our preliminary conference. As a result of it, I am all the more enabled to say that when I come to the Navy Department to give my demonstration, I shall come with a feeling of undiluted confidence.

Very truly yours,

J.F. Byrne
