Dear Mr. Adams:

I appreciate the spirit of your letter of March 6th; and I intend without further present ado to give a demonstration of my model; "mechanisms", etc. And I will also bring along my blueprints.

Any day you name (not excluding Sunday) will suit me. I would like the appointment not earlier than 2 P.M.

In our talk on Tuesday last, Mr. Campbell said you would be able to give me a definite answer within four weeks. I told Mr. Campbell this was satisfactory, but I will say here that if you can shade that time I would appreciate it. I have more than one reason for wanting to expedite matters.

Very truly yours,

J.F. Byrne
